1. Open Meeting (10:35 AM)

FF- arrived late

2. State Audit Update by JK

JK read the following statement at the Palm Coast City Council Meeting:

Good Evening, my name is Jules Kwiatkowski. I am a commissioner and Chairman of the East Flagler Mosquito Control District. I have held this position for the last 10 years.

In March of 2017 some citizens of the District requested that the Florida Auditor General audit our books because of bad news publicity. This was done with about 100 documents and many conversations. The panel did audit the books and stated that there was no monetary discrepancy to be found in the budget. They did find some minor items that were brought to the Boards attention.

When a "Change Order" on a construction project is to be made the job should be sent out for bids. The Board thought that this would delay the construction so the construction company, F&G, was given the ok.

F&G stated that the District should pay for damage to materials as a result of Hurricane Matthew. This request was denied by the Board however; the bill was paid.

The contract was signed with a rubber stamp and not a signature.

Before Councilman Howell was elected, he sent an e-mail to Flagler Live asking for an audit. I hope this settles his curiosity.

All this information is available for a public records request.

FF- Expressed his concern about addressing the audit report until it was finalized, if at all.

MP- Stated that The Chair had acted as the District Spokesperson on issues in the past and recommended releasing a written statement to the media after we has responded to the Auditor general s office but before the report was made public as there is certainly going to be media interest.

- Currently, The District does not offer Dental or Vision Coverage for its employees.
- The total price to cover all full-time employees for a year is estimated to be \$5,000.
- Cost Benefit Analysis: (Adopted from the National Federation of Independent Businesses Website)
 - Offering additional coverages will aid in recruitment of qualified employees. Potential candidates will view the additional benefits as a sign the organization is concerned about its employees.
 - This additional insurance, while reasonably priced, will be of benefit to the employees' finances by reducing their out of pocket expenses for routine and major expenses.
 - Reduce or eliminate potential sick days due to dental or vision issues from a lack of or prompt seeking of treatment not covered by Health insurance.

Action: FF moved to proceed with collecting bids for additional coverage. Seconded by BS, unanimous.
